The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by Steamboats, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of Steamboats on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

This steamer has superior accommodations, is well ventilated, and otherwise suited for the trade. It is confidently expected that she will make the passage in the shortest time on record, thus affording a rare chance to families and others, who wish to avoid the crowded ships via the Isthmus, as only a limited number of passengers will be taken. A small quantity of freight will also be taken. Arrangements have been made with the owners of the new steamship UNCLE SAM, 1,800 tons, now building, to make a through connection, and she will soon take her place in the line.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

INSURANCE OFFICES.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL........$100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Workshops, School-houses, Seminaries, Churches and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the Empire emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses, Seminary buildings, Workshops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $5000 will be taken in one risk.

6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property will not be taken in this company.

7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending all cavil as to the technical correctness of surveys, and the consequent liability of the Company.

8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.

10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the Empire Insurance Company, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses, laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its benefits realized practically seen and felt, is unparalleled.

Men are literally binding themselves together to bear one another's burdens. No kind of Insurance can be so generally useful as that of Health; for most people are dependent upon it for their livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

Conditions of Membership.

A CERTIFICATE or MEMBERSHIP will be forwarded on payment of $1,50 Admission Fee, and the first annual deposit mentioned below. Each member will be entitled to a Weekly Benefit during the time disabled by sickness or accident from attending to his ordinary business or occupation. All the profits are divided among the Insured, and on Policies for the Whole of Life, will be made available in part payment of Premiums, after the dividend of 1853.

The Premium is paid in Cash annually, or may, if desired, be paid semi-annually, or quarterly, by adding interest to the deferred payments. The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of the cumulated premium notes.

Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands, for whom own use and for the protection of their children.

Pamphlets explanatory of the principles of Life Insurance, and illustrative of its advantages, may be had, with forms of application, and rates of premium, at the office of the Company, No. 35 Wall street, or from any of its Agents.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses by the power of creditors. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security, and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

Editorial Correspondence of the Albany Evening Journal

Letters from Mr. Weed---No. 35.

Dresden, May 12 1852

The Railroad from Prague to Dresden in construction, equipment, arrangement, &c. is decidedly the best on which I have ever travelled. I have seen no cars that approach these in richness. The cushions, carpets, paintings, &c., remind you of the luxuries of a Palace rather than a railroad car. And the route from Prague to this city is one of exceeding interest. The road runs most of the way along the River Elbe, which, from the quiet beauty of its scenery, is called the "Saxon Rhine." There is a small commerce, employing few small steamboats between the two cities, and considerable lumber is floated down on rafts. A small steamer runs on it. Before the Railroad was constructed she carried most of the passengers.

You see, after crossing the boundary line, evidences of enterprise and indications of prosperity, which belong not to Austria. Indeed the atmosphere almost seems changed. At any rate you breathe it more freely. I liked what I saw of the Austrian people. And they are not responsible for a Despotism of which they are themselves the victims. They threw off the yoke that galled them in 1849, but generous and confiding as a People ever are, they put their faith in Princes who have, when re-seated upon their Thrones, forgotten their promises. This was eventually true of the Emperor of Austria, who saw the tables having been turned strong enough to rule again with his rod of iron.

The approach to Dresden is through a very beautiful and highly cultivated country. The season is about as far advanced as it is with us. Saxony, therefore, in vegetation and foliage, looks now as the 12th of May as Oneida and Madison counties look.

The approach to Dresden charms a traveller—Flowers bloom every where. The trees give promise of an abundance of fruit. The farm houses look comfortable, and the peasants cheerful. The suburbs of Dresden are not unlike those of Rochester, and there is much in the city itself that reminds us of a former home in the "Queen City."

Dresden, as you know, is the capital of Saxony, and the residence, during all times, of its Kings—Kings too, in earlier ages, in all that related to wealth and splendor "as is" Kings—But though Saxony has, like other Monarchies, her kings, they are comparatively a plain set of people with simpler habits living and dying like other folks at home and in their beds. It has some 80,000 inhabitants, who are industrious and thrifty. It is, in many respects, more like an American than an European City. If our own language was spoken it would not be at all difficult to suppose ourselves at home here, especially as we could not see a few familiar home faces.

The great attraction of Dresden is its Picture Gallery, where the sovereigns of Saxony have with great liberality been for Centuries gathering the treasures of Art. This Gallery compensates, if there were nothing else here, for a journey to Dresden. First of all among its gems is the "Madonna di San Sisto" of Raphael, which is adjudged to be the best Picture and is therefore of course among the few best in the World. All that is divine beams out in the face of the Madonna, and all that is Angelic reveals itself in the features of two Cherubs. It is indeed a great triumph of art and genius. This however is but one of the hundreds of admirable Paintings that are in this Gallery. Those of Correggio, Titian, Paul Veronese, Giorgione, Benvenuto Garofalo of the Italian School of Albert Durer, Holbein, Teniers, Rubens, Van Dyck, &c. &c., of the German, Dutch and Flemish Schools are each and all Works of exceeding interest and merit. There are here several large Architectural Landscapes of Canaletto, and several Landscape Gems of brilliant Breughel and several inimitable heads of old Men and Women by Denner.

This Gallery has been held sacred by even the Conquerors of Saxony. Frederick the Great, while bombarding the City, directed his Bombardiers to spare the Gallery. And Napoleon, though he enriched the Louvre by despoiling the Galleries of Italy and Spain, respected that of Dresden. But it did not fare quite so well in the Revolution of 1849. During the conflict the Royal Troops aired it on the Gallery, upon the People by whom it was occupied with fatal effect upon the Troops, and damaging to some extent the Pictures, many of which still show them wounds, while the front of the Building shows where at least a thousand musket balls fell.

From the Picture Gallery we went to the Green Vaults, and thither I wish I could transport all my friends for an hour, for within these vaults are the stores in Diamonds, Pearls, Rubies and other precious stones richer than anything I had ever imagined. The Regalia of England and of Austria, resplendent as they are, are cast into the shade by that of Saxony.

These Green Vaults are a range of Apartments upon the ground floor of the Royal Palace. They are shown to strangers by intelligent men in attendance, from whom you purchase Tickets at $2 for a party of individuals. There are eight Apartments, the contents of any one of which would purchase the steam boats Hendrick Hudson and Isaac Newton, while those of the last Room, if sold under the hammer, would purchase the Collins Line of Steamers, lay a double track on the Hudson River Rail Road, and complete the Enlargement of the Erie Canal. This looks large, but it is no exaggeration, and I could think of no better mode of conveying an idea of the value of these gems.

I will not weary you with details, but cannot dismiss the "Green Vaults" without alluding briefly to a few of their contents, such, for instance, as a service of Gold and Silver Plate, which used to be forthcoming on Coronation occasions, that would out-weigh a moderate shipment of Gold from California; Cobbs for a Banquet composed of gems which cost $50,000 a piece; Vessels formed of Agate, Rock Crystal and Lapis Lazuli; the first Watch made in 1500 at Nuremberg, which bears about the same resemblance to a watch of the present day that the old "North River" Steam-boat did to Mr Newton's "New World"; the Court of the Great Mogul, a piece of mechanism which cost eight years' labor and $50,000 and which in the Catalogue is denominated "a Trinket"; various Orders, including those of the Garter, the Golden Fleece, Polish Eagle, &c., &c., suspended to chains of gold inlaid with diamonds; Antique Cameos of Onyx, and Sardonyx six and a half inches long and four and a quarter broad, the largest in the world; two rings of Martin Luther; and last of all comes a case filled with Sapphires, Emeralds, Rubies and Pearls of almost incalculable value. The largest of a great number of Rubies weighs 50 carats.

Of the Diamonds, there are sufficient in value, it is claimed, to pay the National Debt of Saxony. Among them are the decorations for a Gala Dress of the Elector, consisting of buttons, collars, sword hilt and scabbard, of the most dazzling brilliancy, and to crown all is a green brilliant weighing 160 carats!

The Historical Museum and the Armory are filled with objects of absorbing interest. The Suits of Ancient Armor are more curious even than those in the Tower of England. Among these are several which cost a modern fortune—The suit of Armor in which Augustus I. of Saxony and an Austrian Arch Duke engaged in single combat weighs 200 pounds each. The quantity is about a lady's for her.

The suit of Armor worn by Gustavus Adolphus is preserved here, as are also those of Count Tilly, of John Sobieski. Here too, is the Armor of Augustus II, who is spoken of as a "second Samson," as he certainly should have been, if he wore that harness, the weight of which would stagger a horse.

Among the curiosities in another room are a Sky brought by the Poles under Kosciusko in his attempted revolution; the Cocked Hat of Peter the Great; a Wooden Bowl made by that Artist; and the Saddle on which Bonaparte rode and the hat he wore in the battle of Dresden.

The Royal Library contains 300,000 Volumes and 2,800 Manuscripts. This Library is open to all and citizens enjoy the privilege of taking books from it to their own apartments.

There is a handsome Theatre and Opera House here. They open at 6 o'clock, and the plays are generally over by 9.

The extensive building which contained the Cabinets of Natural History, Mineralogy, Zoology, &c. was burned in the Revolution of 1849, though much of its contents were preserved. The process of reconstruction is now going on.

There are delightful Promenades all around Dresden. Its environs, which particularly on the banks of the Elbe, are studded with fresh-ly-painted Villas, where, about the grounds in the Gardens and in the Cafes, pleasant hours pass rest agreeably.

Among the Literary haunts of Dresden were Schiller, Körner and Schlegel. They show you the house in which Von Weber composed his Operas "Der Freischutz" and "Oberon." And only a mile out of Dresden, behind a cottage, stands on the spot where he fell a Monument to Gen. Moreau, who as you know, after leaving the French Army, went to America, returned to Europe and received a command in the Allied Army. Both his legs were shot off by a cannon ball. These were buried on the spot, though his body was taken for interment to St. Petersburgh.

Learning that the Emperor of Russia was expected this afternoon, we drove down to the Railway station to get another look at him. He was to arrive in a special train at 7 o'clock. So said the telegraph. At 6 the Russian Embassy, the Aid-de-Camp of the King of Saxony, and about one hundred citizens had appeared. I asked our Valet de Place if it was known that the Emperor was coming? "Oh yes," he replied, "but the People don't mind Emperors and Kings any more. But," said I, "will not the King of Saxony be here to receive the Emperor?" He said that the Saxon Monarch did not wish to appear too friendly with a Monarch but for whom the most of Europe would be now enjoying Constitutional Freedom; that the Emperor of Austria, the Kings of Saxony and Prussia, &c., &c., had, during the Revolution of 1849, promised much, but that their promises had been broken, and that this had changed the whole current of feeling; that formerly, when an Emperor or a King visited Dresden, the streets would be decorated and the People would welcome them with acclamation, but all this was changed now.

While he was telling me this and other things, a Saxon General rode up to the Station, and fifty or sixty more people came. At the whistle announced the Emperor, who soon came out of the Car. He moved toward his Carriage on the arm of his own Minister at the Saxon Court. He was driven through the streets to the Palace. Not a voice nor a hat was raised. To such as raised their hands in salute the Emperor returned the civility. He was driven close by our Carriage. This gave us a full view of his countenance.

He evidently felt his cold, marvellous reception. It was too marked to pass unobserved. This shows me what has been repeated in other places and in various ways, that Emperors and Kings are to be held to something more of accountability. They will find it necessary to consult the interests of their subjects. They will in future be held in reverence and homage simply because they are Monarchs. They will be loved or hated as they deserve. If, like the King of Sardinia, their Government is enlightened and paternal, the people will be loyal and affectionate; while, on the other hand, if it be blind and oppressive, the people will, as they did in 1849, show that the many are mightier than the few. And when that day comes, trembling Monarchs will not be able to save their Thrones by Promises or Oath, for the People have learned that both are as easily broken as made. W.

THE WHIG NATIONAL CONVENTION.

New York, Tuesday, June 22, 1852

The Whig National Convention adjourned sine die yesterday evening. Long ere this letter can reach you, the Telegraph will have conveyed to Wisconsin the gratifying tidings of Gen. Scott's nomination. This auspicious result was not obtained till after an earnest, exciting and protracted contest. The South clung with evident tenacity to Mr Fillmore, as once and hadd ... and suffered much in their behalf. Massachusetts, with a few other eastern and three or four western Delegates, clung very ... to the pretensions of Mr Webster. But the great body of the northern and western Whigs stood fast from first to last in support of Winfield Scott. Every expedient was tried to weaken or break his phalanx, but it was of no avail. The Scott men could neither be coaxed nor driven from their position, and during fifty three ballots ... through three days adhered with fidelity to a single vote's variation to the candidate of their choice, the man of the people. At length, about the afternoon, Monday, success rewarded their perseverance. Gen Scott having received on the 53d ballot, one hundred and fifty nine votes out of 282 cast, or a majority of forty seven votes on all.

You can more easily imagine, than I describe, the intense excitement which prevailed the Convention during the last few ballotings, and the burst of enthusiastic cheering which succeeded the announcement, that Gen Scott had received the nomination. Nor was this feeling confined to the Delegates themselves. It was equally manifest among the spectators in the Hall, among the groups of people assembled at the different telegraph stations in New York and elsewhere. In Wall Street, the excitement was very high. Some disappointment was felt among the Brokers, Merchants &c., of Wall and State Streets, that Mr Webster had not been put forward as the Whig candidate, while a few enthusiastic Fillmore men professed great regret at their gentleman's defeat. But the response, as a general thing, was not only hearty and enthusiastic but very general, and a few weeks we will see the united Whig party of the Union once more rallying around their common standard and preparing to take the field for the Fall campaign under the head of a chief whose very name is a synonym for Victory!

As the news of the nomination sped over the telegraph wires, prompt and spirited responses came flying back from all quarters. In several cities, Albany, New York, Portland, Detroit, &c., salutes of artillery were fired in honor of the auspicious event. In others, bonfires, illuminations and fireworks testified to the general joy—Ratification meetings are already called in almost every section of the Union, and there is no longer a doubt that Scott and Graham will receive the zealous and successful support of the Whigs, North, South, East and West. Gov. Wm A Graham, who was honored with the nomination for Vice President, is one of the Old North State's most distinguished sons, and Rip Van Winkle's promises to be wide awake. In full confidence that in the growing North West, where progress is so much in favor, and the stand-still, do-nothing policy so little liked, the nomination of Scott and Graham will be received with a shout of applause, and will call forth the energies and united efforts of the States bordering upon the Great Lakes have a direct and vital interest in the coming struggle. Mr Pierce and King, the candidates of the Locofoco democracy, have always combatted the very measures which the North West has most at heart. They are steadfast, unflinching consistent enemies to all appropriations for River and Harbor Improvements, and stand upon the Congressional record as opposed to all such objects of National care and Federal expenditure. Gen Scott, on the other hand, as well as Gov Graham, is a well known, ardent and intelligent advocate of Internal Improvements, and an earnest, lively interest in the progress and development of the Great West. How can the West hesitate which of these two to choose?

The weather for a week past has been extremely warm in all the Atlantic cities. In Baltimore and Philadelphia the heat was overpowering, though in New York it has been relieved by the cool winds and the sea-breeze which comes sweeping in, towards the afternoon, from the Atlantic. The tide of Immigration continues unchecked. Ships and Barques, carrying from five to six hundred passengers, arrive here every day, and in the lower part of the city the streets, piers and boarding houses are thronged with the new comers. I saw our Emigrant Agent, Mr Van Steenwijk, this morning. He is hard at work and making progress though encountering many difficulties. The most serious one is the activity of the runners for the different Emigrant boarding houses and transportation companies, who are on the constant watch for vessels and take possession of the Emigrants as soon as they get fairly into New York Bay, as if they were their own property. Mr Van Steenwijk is now engaged in circulating pamphlets and other documents containing various statistical information about Wisconsin among the Consuls of the different European powers in New York, and is about to commence their distribution on the *other* side of the Atlantic, so that Emigrants before leaving home may learn something of the new land which they are about to seek.

Our fellow-citizen, Mr W H Lord, has been appointed Government Mail Agent to take charge of the Mails between New York and California. He sails on his first trip next Thursday on the steamer *Cherokee*. To-morrow evening Madame Anna Bishop, a vocalist whose ... is hardly inferior to Jenny Lind's, makes her first appearance here ... New York ... she is to sing at Metropolitan Hall, which is expected crowded on the occasion. Lola Montes is still here and acts good houses. She has the ... but has ceased to be a star ... in the ... West ... Cleveland, Detroit, Chicago during the course of a few weeks.

This great city seems to be growing faster than ever, and the great thoroughfare, Broadway, appears further from being "finished" than it was ten years ago. Very good and high ... blocks ... houses are undergoing the process of removal on different points along the street, to make room for sumptuous Hotels, or splendid stores. When it is done Broadway will be a sight to see.

R. K.

Ratification Meeting.

At a full gathering of the committee of arrangements last evening it was ascertained that no proper hall could be obtained for the purpose of holding the meeting before the last of next week, and as it was also doubtful when the Delegates will return, it was resolved that the first Grand Rally of SCOTT and GRAHAM be held on Saturday Evening, 3d of July, at Market Hall.

A more detailed announcement will be given hereafter.

GEN. PIERCE AS A SOLDIER.

The *Morning News* devotes a couple of columns to a most elaborate attempt to prove Gen Pierce's bravery, by casual notices of his superior officers, newspaper accounts, &c. It takes for its text, the following remarks from a day or two since:

"He fell from his horse while getting into position at the first decisive conflict, the commencing at Contreras—that he was *not under fire* at the result next morning—that he fainted from exhaustion just before coming within reach of the enemy's fire at Cherubusco—and that he was sick in bed during the bloody battles of Molino del Rey and Chapultepec."

—and proceeds to ignore the whole bill, and to insist that its candidate led his brigade into the battles of the battle at Contreras and that he was in the battle of Cherubusco and that he was won.

Through the newspaper account it has ... In several of the battles before the city Gen Pierce's brigade behaved most nobly, as all are ... well aware, and the General conducted himself most gallantly at Contreras, Cherubusco and Molino del Rey—and through an officer of the army, we have it that *after* the battle of Molino del Rey, Gen. Pierce led a portion of his brigade before the blazing fire of the enemy's cannon with a degree of courage and daring which has been spoken of with admiration." Also, it brings "in eye witness" to prove that Gen Pierce after he joined Gen Scott was engaged in every battle except the storming of Chapultepec.

In these displays its proofs with hosts of italics and exclamation marks, not of triumph. And the parts we have italicised and its "Stars" at its hoods betrayed by the ... soldier himself."

We wish to premise before going further that we have made no charge against Gen'l Pierce of want of bravery, and have no idea of making any. If the frequent and extravagant praise of his friends have invited the public to peruse in the official documents which form the ground of the statements we have not made, which prevented Gen'l Pierce from signalizing his bravery in the field of ... that he is ... he was unfortunate.

With this premise we have leave to say, that we said a few days since ... was once more. One only correction we wish to make. In examining the official documents we find that Gen'l Pierce was *not* in bed during the battle of Molino del Rey. On the contrary, it shows that he was on that day with his division, three miles from the field until the victory was won. And *last*—We said that he "fell from his horse while getting into position at the first decisive conflict—the commencing at Contreras." The official report shows this so plainly that there can be no mistake about it. The army was checked by the fire of 22 pieces of artillery on the hill of Contreras—Magruder's battery was put forward and kept up a hot fire. Several times the Mexican forces made movements towards driving the Americans back, but there were only three or four brief hand conflicts, and that between small parties—The Americans maintained their position until after nightfall, when Magruder's battery retired. It was during the various changes of position on this afternoon (the 19th August) that General Pierce's horse fell with him, and injured him severely.

We said that Gen Pierce "was *not under fire*" the next morning (the storming of the hill of Contreras). Gen Pierce says in his report (Army Correspondence—appendix, page 105)

"Being myself unable to keep my saddle, in consequence of a severe injury from the fall of my horse the day before, the command of this force devolved upon Col. Ransom of the 9th infantry."

We said that Pierce "fainted from exhaustion just before coming within reach of the enemy's fire at Cherubusco." The *News* insists that the battle was already won before the fainting.

Gen Pierce says in his report, before quoted:

"It was my misfortune, as I before stated, to receive a serious injury from the fall of my horse on the afternoon of the 19th. This accident rendered me unable to struggle with the difficulties of the ground over which we were obliged to pass on the evening of the last day (20th) and in the effort to do so I fell faint from exhaustion and pain *a few yards from the severest fire of the enemy's line*," &c.—going on to say that although out of action he could observe the gallant conduct of the troops.

We said that Pierce was "sick in bed during the bloody battles of Molino del Rey and Chapultepec." We were wrong about the first as it was, and the *News* witnesses were wrong about Gen'l Pierce's gallantry on that ... battle. Molino del Rey was won on the 8th September by Worth's division, assisted by a few other troops. Gen'l Scott says in his report (Army correspondence, page 366)

"The battle becoming more general, I called up from the distance of 3 miles, first Maj Gen'l Pillow with his ... and Pierce's &c. ... but the battle was just won as Pierce and Gen Pierce reached the ground."

Last, at the battle of Chapultepec and the conflicts at the gates of Mexico: Preparations were made for storming Chapultepec on the evening of the 12th September; it was stormed on the 13th, the gates were won that evening, and the army under Gen Scott entered Mexico on the morning of the 14th.

Gen'l Pierce is, he tells us at hand—and we quote again from his report, at page 197 of the official document.

"On the morning of the 12th my brigade proceeded from Tacubaya to take up a position near ... the enemy's strong works at Chapultepec. This position, taken without opposition, was maintained until dark without ... change in showing front to the left in the course of the day ... as soon as it became sufficiently dark to conceal the movement, the brigade was directed by the General of the division to move silently along under cover of a range of ... buildings, &c. &c. *Preparatory to this movement*, however, I was compelled to leave the field in consequence of severe indisposition, which confined me to my bed during the 13th ... At 4 o'clock on the morning of the 14th I rejoined that portion of my brigade then acting under the orders of Gen Quitman, at the garita on the Tacubaya road."

Such are the facts according to Gen Pierce himself. We have not drawn inferences from them charging him with want of bravery. If his friends choose to do so it will be a most remarkable sort of friendship.

👉 The religious test question is at last abandoned by the *News* in despair of making any capital out of it. The refutation of its charges against the Whigs of New Hampshire has been so complete, that it is not worth while to waste any more words about the matter.

PLANK ROAD MEETING.

At a Plank Road Meeting held at the house of George H Dust in the village of Newark, Washington Co., W. P. Barnes was called to the Chair and H. Kleffler and George Ramsey were appointed Secretaries.

Mr J. Ahet of Milwaukee, was called and addressed the meeting upon the necessity and propriety of extending the road from Milwaukee to Fond du Lac. He also read the resolutions adopted by the Milwaukee and Fond du Lac Plank Road Company.

Mr. I. W. Horn of Cedarburg addressed the meeting in German.

The meeting was then entertained by Mr. Wm R Longstreet of Fond du Lac, in an able address upon the facilities of plank roads and the benefits that farmers derived from them in preference to railroads.

On motion of B. S. Weil, the following gentlemen were appointed a committee to obtain subscriptions and receive the per cent:

Newark—J. Rice, F. Caldwell

West Bend—William Wightman, William Smith

Jackson—I. W. Nolting, Wm Rohn

Trenton—T. Silverman, T. McCartney

On motion of P. S. Weil the editors of the Washington County Blade, Wisconsin Banner, Volksfreund, Sentinel and Milwaukee News be requested to publish the proceedings of this meeting.

A Curious Relic.—Mr Warren Chase of Ceresco, Fond du Lac Co., communicates to the *Free Democrat* the discovery of relics in the vicinity which have caused a good deal of enquiry. He describes them as—Several pieces—amounting to five or six feet—of an iron tube of about 1/2 inch bore, closely wound with copper wire, and small iron wire covered with copper, have been plowed up in the gardens by deep plowing. Some of it is found in a case of wood, apparently cedar, but so decayed as to drop off soon as exposed to the atmosphere. It has caused much speculation as to its use and manufacture. The town has been settled but ... years, and several of ... who ... of the ... settlers knew it has ... by ... the present inhabitants ... and that it is found deep in the ground which to appearance has been for ages undisturbed. The ground where it is found is a level prairie surrounded by hills, springs, water, &c., and covered by mounds and other evidences of previous occupancy at a very remote period. But by whom is the query.

By way of amusement, the landlord of the Tremont got up a fire in the kitchen yesterday morning, which the cooks couldn't put out, and the engines were called in. Cold water not being needed in the dishes at all the cooking was nowhere on the breakfast ditto—for awhile.

Senator Jones.—It is well known that Hon. C. Jones of Tennessee was the favorite of large numbers of Gen'l Scott's northern friends, as a candidate for nomination as Vice President. Hence it is gratifying to see that he stepped forward after the first ballot and declined the nomination, declaring his intention to act as a high private in the ranks during the campaign. He is one of the most effective public speakers in the country and with him upon the stump Tennessee is sure for Scott and Graham.

General Laws of Wisconsin.—We are indebted to the publisher, C. L. Sholes of Kenosha, for a copy of the Supplement to the Revised Statutes just issued, containing all of the general laws passed by the Legislatures of this State from the revision of the Statutes to the close of the session. Of course it will meet with a welcome from great numbers of the people, who have been waiting patiently to learn what our laws are, and what ones were altered or amended by the last Legislature.

Iron in Lake Superior.—The Sault Ste. Marie *Journal* informs us that the Schooner *Algonquin* returned to that port on the 15th of June, from a cruise to the head of Lake Superior and the captain reports that on the first ... when within twenty miles of St. Louis River, the Lake was so obstructed with ice that it was found impossible to proceed, and he was consequently obliged to return and land his freight and passengers at La Pointe.

The California Mails Changed.—The United States Mail steamers, with the great California and Oregon mails are to be despatched from New York on the 5th and 20th of each month direct for Aspinwall instead of the 9th and 24th as heretofore. When these dates occur on Sunday, the sailing to be postponed until the following Monday.

Uncle Tom's Cabin.—Concerning this book the Fort Washington *Plaindealer* says:—

We advise everybody to read it. We have a copy, but not to lend—we wish to preserve it—Go right to the Bookseller and buy one. It will be money well laid out.

Fire in Port Washington.—We learn from the *Blade* that a building occupied by a Mr Wolbers, as a tavern, was consumed by fire on Tuesday night. Another building owned by a Mr Ohlson, now in California, was also consumed. The tavern was insured for $400, the other building was not insured. Total loss, $1000.

👉 The Free Soilers have elected Isaac Reed to Congress from the 4th district in Maine—He fills an unexpired term made vacant by the death of Mr Andrews, democrat. Mr Reed had 600 majority.—*Pt. Washington Blade*.

Doubtless many of the Free Soilers were on hand, but Mr Reed was the Whig candidate.

Beloit College Commencement.—The anniversary exercises of Beloit College are to take place on the 14th of July. Rev. S. C. Bartlett of the Western Reserve College is expected to deliver an address on the occasion.

👉 The Buffalo *Commercial* says:

Gen Scott will deserve and receive the hearty support of every true Whig in the Union. He will be readily accepted in every State, and of his triumphant election we entertain no doubt whatever.

The Whig Nominations.

How it is Received.

The enthusiasm manifested in this city upon the reception of the news of Scott's nomination was unbounded. The two Telegraph offices had been besieged for several hours by anxious and excited crowds eager to catch the first flash over the wire; and no sooner was it announced with that Scott was the man, than the news spreading with lightning despatch, there was one deafening hurrah from one end of Main street to the other.—The merchant dropped his yardstick, the mechanic his tools, the lawyer his case, the doctor his long face, and all hung into the street joined in the general rejoicing over the nomination of the Nation's favorite, the hero of an hundred battles. There was no stopping them to make the enquiry Who is he? For forty years engaged in the service of his country in all the stations in which he has been placed, as Military Chieftain, Diplomatist, Statesman and Philanthropist, has he shown himself well qualified to perform the duties which have devolved upon him. And now this grateful people will to raise him to the highest office in their gift, and all the efforts and intrigues of our political opponents can prevent his receiving it by an overwhelming majority.

In the evening after the welcome tidings were received the Whigs got themselves together and had a glorious time. Bonfires were kindled, one hundred guns fired, cheer after cheer given and speeches made in honor of the nominees. And many a man was seen there cheering lustily for Scott who never before hurrahed for a Whig Candidate. In fact in the enthusiasm in favor of Scott in other parts of the State equal to that in our town, here that 10,000 majority pledged to Pierce will vanish like the dew before the morning sun—*Racine Com. Ad.*

The Old Hero in the Field!

The Whig National Convention assembled again on Monday morning and after some unimportant preliminary business the balloting was resumed and with heartfelt joy we announce that on the fifty-third ballot the hopes and anticipations of the great Whig party were realized in the nomination of the Soldier, Sage and Patriot, Gen. Winfield Scott as the Whig candidate for President of the United States. This nomination will be hailed with enthusiasm throughout the Union and responded to by millions of patriotic hearts.

Gen Scott comes before his countrymen for their suffrages after a long and eventful career during which he has never shrunk from any duty however hazardous. His life has often been risked in the cause of his country and when committed to his hands that cause has never suffered detriment. The crowd so justly his will now be borne in triumph to the highest civil station in the world.—*Ind.* (*W. S.*) *Dem.*

The Nomination

The Counsels of wisdom and patriotism have prevailed at Baltimore—the Convention have responded to the wishes of the people. General Winfield Scott is the nominee of the Whig party for the President of the United States. We have had a little doubt as to the ... being that this would be the result and have just as little of his triumphant success in November. His unequalled character, his unequalled renown, his high intellect, his devotion to the Whig principles, the tried ... to ... of the ... freedom ... all the ... the ... have ... the ... respect ... of ... the American People ... honor ... him with the highest honors to which human ... can aspire, the Presidency of the United States. We congratulate the Whig party upon its fortunate escape from its embarrassed position, and the people upon the dawn of a more national political era. The contest will be between the Whig and Democratic parties, each placed upon its own principles with out side issues or spirit in either. Gen Scott will conquer the enemy as certainly as he did the Mexicans.

After the ... the ... to ... would ... for ... William A. Graham of North Carolina who received the unanimous nomination for Vice President ... the ... of the North ... that ... is delighted to honor and the people the whole Union learned to respect—*Buffalo L.*

The Nomination.—A dispatch was received ... by telegraph yesterday and the ... of the nomination ... The ... excitement ... in this ... the ... when ... nomination ... the ... of ... the ... appropriate ... to ... heart.

Cavalcade ... every one ... the ... of ... and ... the ... of the Steamers among the ... the ... congratulatory of the nomination of Scott—*Galena Advertiser*.

👉 With hearts we have placed him where he is, Strong hands will sustain him as he has borne up his country's honor. To the heart of the nation we appeal. Uphold his cause! Let not that stalwart arm, that has borne our flag in victory on so many battle fields, be now stricken down by ingratitude. We feel that it will not be so. The history of the past and the signs of the present disprove it. No nomination ever was made has so touched the popular sympathies. While we write, peal after peal of the cannon booms from the hill top and makes the city tremble. Whigs never congratulated each other more heartily—and never felt more resolute, more firm more hopeful.—*Ibid.*

Nomination of Gen Scott.

It is with much satisfaction that we announce the choice by the Convention of General WINFIELD SCOTT as the Whig Candidate for the Presidency.

When the balloting recommenced this morning it was without change from Saturday night. Mr Williams of Kentucky made an earnest appeal to his colleagues to join in his support. This was followed by an increase in Gen Scott's vote on every ballot until on the last the 53d, he received 158 and was declared to be the nominee of the Convention.

Under the lead of Gen Scott who stands so deservedly prominent in the admiration of the American people and who is of all the Candidates best adapted to call forth the enthusiastic support of all portions of the Whig party, success in November can no longer be considered doubtful.—*Albany Evening Journal*.

The Whig Nominations.

We have the pleasure in our last issue, of congratulating all true patriots upon the nomination of GEN WINFIELD SCOTT, of New Jersey, for President of the United States, and WILLIAM A. GRAHAM of North Carolina for Vice President, and we unfurl the Whig banner to the breeze there to remain during the contest.

Inasmuch as but three prominent names were presented to the Convention and balloted for and either of the three would have been acceptable to the great mass of the Whig party it almost became a matter of indifference as to the result. But out of the noble trio the veteran Scott was chosen—the statesman, patriot and hero of world-wide renown, with not a stain upon his name. We are satisfied his good fortune will cling to him still and that he is destined to spread dismay into the ranks of the opposition until they are forced to cry "hold, enough!" and disperse.

Wm A Graham, the nominee for Vice President, and now Secretary of the Navy, is one of the most popular statesmen in the Republic, as well as among the first in every qualification that makes the gentleman and the scholar. He is cherished at home as the favorite son of the old North State—and with such names as Scott and Graham for leaders we can well afford to allow the adherents of Gen Pierce to vaunt and boast and promise themselves a victory.—*Cleve. Tribune*.

Gen. Scott's Nomination.

We are rejoiced that the judgment of the Convention so accords with our own, that it was in authorized by that body to support as the candidate of the party the man of our choice. His nomination will be hailed with enthusiasm and supported with unanimity by all sections of the party, from Maine to California, although in many quarters there were preferences for one or other of his distinguished competitors, and differences of opinion as to the comparative strength before the people. There is no distrust of the political or national soundness of Gen Scott, nor no personal objection to him. He is fairly before the people by virtue of no intrigue, by no sacrifice of honor, not as an accidental choice in an emergency, but freely chosen by the unsolicited suffrages of the representatives of the party under the deliberate impression that he was the man best calculated to unite the party and to appeal with success to the pride and patriotism of the American people. And the campaign now so auspiciously commenced under the lead of our gallant chief will be closed with that success which has invariably crowned the standard of the hero of a hundred battles.

The candidate for Vice President is a man well known to the country, entirely unobjectionable to the party, and well calculated to bring additional strength to the ticket. William A. Graham has served with distinguished success in the councils of the nation, is extremely popular and well esteemed in his own State, of which he has been Governor, and is at present a member of Mr Fillmore's Cabinet, as Secretary of the Navy. Though residing at the South he has had no fellowship with the hot-heads and fanatics of that region but is a man of broad and liberal views, with no taint of sectionalism, and a Whig of the true old stamp.—*Beloit Journal*.

👉 Above, our readers will find the ticket presented by the Whig National Convention for the suffrages and support of the Whig Party. It is one to which Whigs from all quarters of the country can cheerfully rally, a ticket that deserves as it will receive the support of the entire party. That it will be triumphantly elected, we do not suffer ourselves to doubt. The intelligence of the nomination of WINFIELD SCOTT for President and WM A GRAHAM for Vice President, will be eminently satisfactory to the Whigs of the Empire State, and although many Whigs here as in other portions of the Union desired the nomination of a different man for the Chief Magistracy, we have faith to believe that there will be no defection, and no sluggishness in our ranks. Winfield Scott is acceptable to the Whigs of the Nation, and he will receive their united suffrages and will be triumphantly elected.

We have not time to say more at present; we do not know as we need say more than that we shall be found side by side with the Whig Measures and Whig men."—*Buffalo Rough Notes*.

👉 A despatch from Wilmington, Delaware announces that the Whigs of that city were firing 100 guns in honor of Gen. Winfield Scott. Another from Cumberland says the Whigs are all enthusiasm and firing 100 guns for the Hero of Lundy's Lane.

Campaign Rhymes.—The Toledo Whigs had a great gathering on receiving the news of the nomination. Among other items of jollity on the occasion the glee club sung the following:

THE LAMENT.

Air—Grave of Bonaparte.

O Brigadier Pierce where now are thy legions
Who rushed but to conquer when thou led at them on
Alas! they have fallen in the distant regions
And all but the name of their leader is gone

Chorus.

For the loud cannons roar, and the fierce muskets rattle,
The ... no ... free from all pain ...
He has ... fall ... on the dread field of battle—
No ... at ... again.

O ... back to the State of New Hampshire

Chorus—Let the loud cannons &c.

The Contrast.

Harbors and Rivers—The Two Platforms—We ... the following:—

Whig Platform

Resolved, That the Constitution vests in Congress the power to open and repair harbors and remove obstructions from navigable rivers, *and it is expedient that Congress should exercise such power* to ... improvements being necessary in ... nature and general in their character.

Democratic Platform

Resolved, That the *Constitution does not confer upon the General Government the power to commence and carry on a General System of Internal Improvement*.

Gen Scott among his Soldiers.—We have before us a journal of one of the volunteers from this city who served under Scott at Cerro Gordo, and we give an extract from it dated 30 April 1847, just after the battle of Cerro Gordo and on the commencement of the march to the city of Mexico—It will be seen that the same confidence of success and victory under Scott was felt among the rank and file of the army that there now is among the masses of the people that the gallant and prudent General will be the President for the next four years. If anywhere it should also who resides in Detroit ... of his ... in the army.

April 30 1847.—Clear, warm morning, noon ... and ... cooled ... General muster of troops and inspecting of arms. Gen Scott orders read to parade, that the troops will advance as soon as possible after the train comes in from Vera Cruz, and forbidding all marauding and plundering, as we will have to depend upon the country for our future supplies, and requesting those who cannot do without plundering to desert at once, that they may be shot or hanged out of the way, and that the inhabitants be conciliated and well used, as otherwise they may conceal or destroy the supplies necessary for our support, which supplies cannot be longer got from Vera Cruz—The document is discouraging enough, but we all have every confidence in General Scott's knowledge and abilities to conduct and provide for us—He is a humane man though a soldier. God bless him."

Now this was written by the camp-fire in active service, where the abilities of the soldiers most known.—*Detroit Advertiser*.

New Publication.—*Life of Gen. Franklin Pierce, the Granite Statesman, with a biographical Sketch of William Rufus King*.

We are indebted to Messrs Hopkins, Douglass & Co. 63 Clark street for a copy of this work—We have no time for an extended review of it but for the present give the following extract, to show who Gen. Pierce is:

A lady from New Hampshire, when asked to explain the secret of his great popularity, said,—He is a fine looking man—all the ladies will testify to that—and that goes a great ways. Why one day he rode fifty miles *with the thermometer below zero without feeling it* and then came and passed the whole evening with *me*!"—*Chicago Journal*.

City Matters.

Catharine Hayes.—The city is looking with interest to the arrival of Miss Hayes. She gives her first Concert on Monday night at Gardiner's Hall. The Programme appears in our columns this morning displaying numerous gems, so arranged to suit the more cultivated, as well as simpler tastes. A Cavatina from Meyerbeer's "Prophete" and a Duet from Donizetti, by Miss Hayes, accompanied by Herr Mengis in the latter, together with other pieces, will doubtless draw crowds to admire and criticise the fair songstress and her troupe, while the three ballads—a style of music which she takes home to the heart, will invite hundreds of others.

Good Sale.—T. C. Dousman, Esq. of Ottowa, Waukesha Co., sold his clip of wool, 1760lbs yesterday at 35½c, the highest price yet paid for a large lot. The wool is of the best quality but will be surpassed another year, as we learn from Mr Dousman that he means to improve his flock by a large importation from Vermont.

We are glad to learn that Mr D. is interested with Mr Chester Moulton, of Vt., in this business of improving the flocks of Wisconsin. Mr M. will be here in the fall at the State Fair, with 100 blood bucks and 300 of the best ewes for exhibition and sale, and arrangements are making to keep a supply constantly on hand at Mr Dousman's farm in Ottowa.

The Panorama.—This admirable delineation of Italian scenery and architecture does *not* leave with the close of this week but will remain a good part if not all of next week. Our citizens are just beginning to appreciate the beauty of the pictures presented on the canvass and the numbers in attendance increase nightly. The gentlemen who have charge of the panorama have very handsomely consented that Miss Hayes shall have the use of the Hall for her concert on Monday evening.

Sale to come off.—Wall is holding a levee about these days at Market Hall to show off an elegant new lot of furniture which he will sell there on Tuesday next. See catalogue.

He also desires us to announce the fact that he sells on Wednesday 23 crates of White Stone crockery ware, a new ware piled into stores day before yesterday. That's so and no mistake.

Horticultural Society.—We are requested to call a meeting of this society to take measures for the exhibition next week. The members will please meet at Mr Hyslop's seed store on Wisconsin street at 3 o'clock punctually.

👉 The Rev Mr Sowles from Vermont will preach in the First Congregational church on Main street on Sabbath, June 27th, at 10½ o'clock a. m. and at 7½ p. m.

👉 We understand that the Hon. Samuel E. Perkins, one of the Supreme Judges of Indiana, arrived in this city last evening, where he will spend some weeks, on a visit with his brother, our fellow-citizen, Jno T. Perkins, of the Second Ward.

Our Mayor in Chicago.—Says the Chicago *Journal*:

It appears like the older time, to shake hands in Chicago with Hans Crocker, the present worthy Mayor of Milwaukee, who is one of the primitive stock, and now on a visit to our city. It rekindles the feelings of other days as we all went Gypsying together," when the "Garden City" was a babe.

Another Candidate.—The name of L. I. Merrick Esq., of this city, has been put forward by his friends, as that of one of the Candidates for Supreme Court Justice.

Crippled.—The fast steamer *Northern Indiana* ran into a schooner on the 21st, and was so much injured as to be obliged to lay by for a few days. It was their accident which caused the delay of the guests at the Chicago Celebration.

Robes and Furs.—A steamer arrived at St. Louis last week from the Missouri River, with the contents of three Mackinaw boats, consisting of 780 bales and 440 loose buffalo robes, and 199 packages furs and skins.

No 171½ East Water Street, Milwaukee.

DR. HOOFLAND'S GERMAN BITTERS.

This celebrated medicine is one of the very best in the country, and its good qualities only need to be known, to give it preference over all others now in use. We have seen its good effects lately, after the total failure of many others. This is saying more than we can for any other medicine within our knowledge, and we feel it a duty to recommend the Bitters to the notice of our friends. The genuine is prepared by Dr. C. M. Jackson, Phila.

Reported for the Daily Sentinel.

BY HOTCHKISS' LINE.

Supreme Court.

Madison, June 25.

Court met and adjourned till Monday morning. No more arguments will be heard this term.

By Last Night's Mail.

The Closing Scene.

Baltimore, June 21.

Louisiana pledged herself to the nominee.

North Carolina came in unanimously.

New York responded through Mr. Babcock, from Mr. Fillmore's district, saying that the nomination of Gen. Scott will give more to Mr. Fillmore than his own name.

Mr. Gardiand, of Georgia, announced Georgia for the nominee.

Mr. Bryan, of South Carolina, responded on behalf of the delegation of that State, and said that Scott had endorsed the platform, and South Carolina would endorse him.

Mr. Stewart, of California, promised an overwhelming majority for Scott.

The Chairman of the Alabama delegation left his delegation to answer for themselves.

Mississippi responded heartily in favor of the nominee.

One of the Massachusetts delegates responded in favor of Scott, promising the largest majority of any State in the Union.

The responses from the South have caused considerable enthusiasm, and, as each State responded, hearty cheers were given.

Georgia, through Mr. Dawson, responded, and promised that the Whigs of Georgia, would accept Scott on the Whig platform, and would do their best to elect him.

Indiana promised to respond to the nomination by acres of ratification meetings, and a score of thousands of majority.

Gen. Johnston, of Pennsylvania, whilst honoring Millard Fillmore and Mr. Webster, felt constrained, with his fellow delegates, to stick to Scott, knowing him to be the only delegate for whom they could promise a positive and glorious majority, larger than that given to Taylor or Harrison.

Norfolk, June 21.

The Nominations of Norfolk.—The nomination of General Scott was received here at 1 o'clock to-day, and has created considerable dissatisfaction among the Whigs.

Washington, June 22.

The Nominees at Washington.—A large number of our citizens with a band of music, waited on Gen. Scott, at his lodgings, last night, who appeared on the balcony and made a short address. The crowd then visited Messrs. Fillmore, Mangum, and Webster, who severally made good humored addresses. Messrs. Fillmore and Webster expressed themselves perfectly satisfied with the nominations. Mr. Mangum delivered a warm elogium on Gen. Scott.

Auburn, N. Y., June 12.

The nomination of Gen. Scott is received here with enthusiasm; a salute of one hundred guns is now being fired, and the streets are illuminated with bonfires, &c. The Whigs are in high glee. Democrats look crest fallen, having hoped a different result.

The Directors of the proposed railroad, to connect Lake Ontario with the Cayuga and Susquehannah Railroad, met here to-day. \$450,000 in cash was subscribed, including the \$100,000 authorized to be taken by the city. A call of 10 per cent, on the stock was made, payable in 15 days, and it was resolved to advertise for proposals for constructing the road immediately.

Philadelphia, June 23.

The Whig delegation to Baltimore arrived home in the midnight train, and were received with a salute of thirty-two guns, and by a procession which escorted them from the depot.

The train was delayed at every stopping place in Delaware, by enthusiastic crowds, and speeches were made by the Delegates.

Baltimore, June 22.

The Ratification Meeting at Baltimore.—The Whig ratification meeting last night in Monument square, was very large and enthusiastic. Addresses were delivered by Messrs. Gardiner, of Alabama; Andersen, of Ohio; Upton, of Louisiana, Yerker, of Mississippi; Spooner, of Massachusetts; H. W. Miller, of North Carolina; Col. Williams, of Kentucky; Gen. Jones, of Tenn.; and Gen. Eddy, of North Carolina. All of the speakers pledged on behalf of themselves and their respective States a cordial support to the nominees. The meeting did not adjourn until after midnight.

Later from California.

New York, June 21.

The Steamer Prometheus, Capt. Vanderbilt, arrived at her dock at 7 this morning, with about 450 passengers from California. Among them is H. G. Warner, formerly editor of the Rochester Daily Advertiser.

She left San Juan De Norte on the 12th, and dates from San Francisco to May 19th three days later.

The Purser of the Prometheus being sick, very few papers were received.

Provisions at the mines were very abundant, and gold continued to be gathered in immense quantities.

The California markets were dull, and stock unchanged.

The Steamships Illinois and Daniel Webster, for California, sailed with a large number of passengers.

By the arrival of the Prometheus we learn that on the 2d inst. the British War Steamer Albion arrived at Greytown with the British Commodore of the West India station, who notified the authorities that the Governments of Great Britain and the United States had agreed to guarantee the independence of San Juan.

Commodore Parker, of the Saranac, whom the British Commander expected to meet, had not arrived, but there is no doubt of his concurrence on the part of his government.

Commissioners had proceeded to Costa Rica and Nicaragua for the purpose of definitely settling the boundaries of the territory.

The first fugitive slave arrested in California occurred on the 18th ult. There was but little excitement, and the negro was turned over to his owner, who started with him for the Atlantic States.

A Frenchman from California, named Lafarge was robbed on the Isthmus of \$27,000.

Three notorious characters, named Jas. Thompson, alias Jimmy Lippard, Elias B. Conner, and James Powers were arrested for the crime, and sentenced to be executed, and the others reprieved and flogged. They were were also branded, and banished from the country. Lippard has friends residing at Charleston, Mass.

It is said that Commodore Mead, of the British brig Express, who fired into the Prometheus, has been dismissed the service.

Washington, June 19.

Important Anti-Slavery movement. The following call a National Free Soil Convention to be issued immediately from this city:

National Convention.—Notice is hereby given that a National Convention of delegates of the free democracy will assemble at the city of Pittsburgh on Wednesday, the 11th day of August next, at noon, for the purpose of selecting candidates for the offices of President and Vice President of the United States.

Friends of the principle, declared at Buffalo at the memorial Sonvention in August, 1848, are requested with their respective States and Congressional Districts to meet and elect delegates wherever the same has not already been done—each State being entitled to three times the number of its delegation in the Congress of the United States. By order of the general Free Soil Committee.

(Signed,) Samuel Lewis, Ch'n.

☞ The Burlington Free Press says, "soon after the nomination was announced by telegraph, on Saturday, we encountered an ardent Locofoco in the street, who discoursed as follows, "General, you are done for! That ticket can't be beat. Price is the man for us. I always thought our folks would nominate Price." We mildly suggested that a gentleman named Pierce was the nominee of his party—but he looked upon it as a "whig trick," and went off singing out "hurrah for Price!"

☞ Hon. Chas. D. Robinson, Secretary of State, E. H. Jansen, State Treasurer, and Attorney General Estabrooks, have been in this city for two or three days past, disposing of the school and University lands. They leave for Calumet county to-morrow.—*Fond du Lac Dem.*

Graefenberg Medicines

HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell*. When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of Popular Medicines. *No Family Physician*, in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State and throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, *no big bottle humbug*, or pleasant drink, but as *it should be*, a *Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last season, and for bowel complaints it has no equal.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION—An unprecedenting article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific Physicians. For Prolapsus Uteri, and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c., are all invaluable remedies, directions for which and all the medicines are attached to each.

CHICAGO dependent upon MILWAUKEE

READ THE FOLLOWING:—

Chicago, June 19, 1852.

Mr. S. Johnson Jr., Milwaukee.

Sir:—For more than six years I have been severely afflicted with accumulation of dandruff upon the head, and have frequently applied to the most celebrated of your profession for relief; they have tried upon me a variety of specifics, but with no success, and I feared that it was incurable. I apprehended some scrofulous affection, so firm was the accumulation. About six weeks since I determined to use your preparation, known as the Chemical Hair Invigorator, but I expected no other advantage from the use of it than that of the perfumery or oil; but, much to my astonishment and gratification, I find my head completely free from dandruff, and my hair soft and healthy, an effect that has followed from the use of no other remedy. I use the preparation now but once a week, and find that my hair needs no other dressing. I believe I am entirely cured. I am so delighted at my good fortune in thus getting rid of what has been a source of serious annoyance, that I have determined to send you this evidence of the effects, and shall be happy at any time to bear testimony to the excellence and efficacy of your Chemical Hair Invigorator.

Yours, respectfully,
je22 D. R. HOLMES.

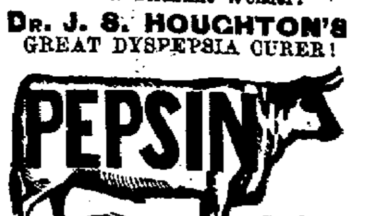
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID, OR **GASTRIC JUICE**

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's Pepsin has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some six teen years since, and another one put up by Albert Richards of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
May 15, 1849. Philadelphia."
I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1845, and no machine before this could do so much work, and do it as well as mine.
In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.
In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE,
(*Which received the First Premium at the State Fair, lately held at Janesville,*)
Possesses great advantages over every other stove, for plainness and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with but the fuel, not consuming over four cords of wood in one year.
The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.
The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.
The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.
The RADIATOR is the best coal stove ever got up as a retainer of heat.
Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.
Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

PREMIUM SAFES.

Green Block, Water St.,
(*Between Maiden Lane and Wall Street,*)
NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an international award was made.
The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and on, with many others, be seen at my store,) viz: Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton-st. fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.
I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.
I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safe, in the world.

SALAMANDER SAFES.
WILDER'S PATENT AND RICH'S PATENT COMBINED.
$100,000 SAVED.

FIRE in Pearl street and Fletcher street, New York—Three Stores and their contents destroyed. Deeds before received:
RICH'S SAFES AGAIN!
ELEVEN Safes of different makers consumed, with their contents! The Safe made by Rich & Co. saved the Books and brought out its contents without a mark or fire upon them!

MR. GILBERT'S LETTER.
THE FIRE IN FLETCHER AND PEARL STS., NEW YORK.
New York, Dec. 29, 1851.
Messrs. Stearns and Marvin, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl street, I was absent in Rensselaer County, visiting a new cleaning apparatus in connection with my Executor Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your Safes, purchased from Mr. Marvin some years ago. My fears were not allayed until I found it necessary upon my return to apply to Croton Water 40 hours before I was enabled to commence operations; after which, it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.
It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.
Yours respectfully, JOSEPH G. GILBERT.
The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.
Orders for Burglar Proof Vaults and Vault Doors, promptly and faithfully executed.

THE Proprietor, DR. R. WESSELHOEFT, begs leave to inform the public, that he has recovered from his severe sickness, and is able again to attend to his professional duties. Former and new patients, therefore, may depend upon his giving due attention to their cases. Yet, to the lovers of nature and a quiet summer residence, the house has many attractions besides its Water-cure, for Nature has indeed been lavish of her gifts on the town, and the walks and drives in the vicinity.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"
from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.
Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.
We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.
Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. we invite all who do not wish to pay two profits upon a Hat and are willing to save 25 per cent, to call and see us.

HAWKINS'
STAVE DRESSING MACHINE.
PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for
Packing, Flour and Whiskey BARRELS,
and PIPES or HOGSHEADS, at the rate of
600 Whiskey or 800 Flour Barrel Staves PER HOUR,
straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length, of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.
The Subscribers having purchased of Wm. Hawkins the patent-right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.
Satisfactory testimonials can be furnished if desired.

THE HUMAN FRAME
Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN
Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN
Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.
Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.
Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.
The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pain, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*
If this practice be continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,
And all other dangerous and narcotic influences. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produce on the system.

SICK HEADACHE.
Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,
Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges.
It relieves the most severe pains in a few minutes—checks the most distressing discharges, and
SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.
Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.
Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.
Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you, in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.
Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as round and white as alabaster,
Breath of sweetest fragrance, and lips of coral hue,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.
Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION, IT IMPARTS BEAUTY.
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth, it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.
Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow,—
Like guano to a barren soil, it makes it rich, and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.
Radway's Circassian Balm is the "ne plus ultra."

PATENT MEDICINES.

LIVER COMPLAINT.
JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,
AND
all diseases arising from a Disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN
BITTERS.
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.
Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.
These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
[From the Boston Bee.]
The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."
SCOTT'S WEEKLY.
One of the best literary papers published, said, August 25
"Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."
The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."
Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."
The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."
The Daily News, July 24, says:—"A Medicine"—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."
The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."
That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.
LOOK WELL TO THE MARKS OF THE GENUINE.
They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

CINCINNATI, Oct. 26, 1847.
We the undersigned, Druggists and Merchants of this city, have been acquainted with and sold for 2 or 3 years past, an article of Family Medicine, known as PERRY DAVIS' VEGETABLE PAIN KILLER, and we would assure the public that in every instance, so far as we know, it has given the best satisfaction to the purchaser. We can recommend it to the public as an article of **Great Merit and Virtue**: indeed, we never knew an article of Medicine become so deservedly popular in so short a time, which is proved by the fact of its extensive sale, and constantly increasing demand.

A Word of Caution to the Public:
Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co. of Buffalo, which is a worthless imitation and the pamphlets a "BARE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against those mixtures.
